### ADMINISTRATIVE

If the Capital City Aviation website is down for some reason, you can still access our scheduling system. [MyFBO.com](http://MyFBO.com) supports using their website directly to reserve resources. If you would like to connect to the site directly, go to [www.MyFBO.com](http://www.MyFBO.com). From there choose "Login", and in the "Login by Identifier" field, enter "ccai", then click login. The login screen you are accustomed to seeing will now show up. Once you get

to this screen, you should add the link to your favorites, making it easier to find in the future

**Spring has sprung** I've had birds and birds nests in the tail of the 172 the past few weeks. Please check not only the cowl for these things but also the tail section since spring is rolling in. The three on the line have cowl plugs, (make sure you put the cowl plugs in) but it's always good to check anyway. ... **Darrick Helmuth**

### **TAKE NOTICE FOLKS: Important information from the Department of Aviation at OSU**

“...The Ohio State University Airport is hosting SAFECON 2006 (May 3<sup>rd</sup> – May 14<sup>th</sup>) approx. 30 schools will be competing throughout the week. Therefore it is necessary to move all WEST Ramp aircraft to the EAST Ramp on 5/03/06 and Hangar 1 tenants will go to Hangar 5 (the Flight School Hangar) on 5/2/06. ...Please be aware of higher than normal daily operations during this period when operating in the OSU area.” take off. This will discourage birds and unwanted critters from making the hangar a home. Also, when using a hangared airplane for a lesson, make sure the hangar doors are SHUT before you

**When renting a CCA plane overnight, please indicate destination airport!**
